Program

8:00 am **Breakfast and Registration**

9:00 am **Greetings & Introductions**

James S. Hu, MD

Morning Keynote Address

9:10 am **AYA Sarcoma: Progress and Current Challenges**

Lee J. Helman, MD

9:50 am **Question & Answer Session**

SESSION I: Strategies for Local Control

Moderator: Lawrence R. Menendez, MD

10:00 am **Surgical Management of Soft Tissue Sarcoma**

William W. Tseng, MD

10:20 am **Question & Answer Session**

10:30 am **Radiation Considerations for Bone and Soft Tissue Sarcomas**

Omar M. Ragab, MD

10:50 am **Question & Answer Session**

SESSION II: Emerging Systemic Therapeutics

Moderator: James S. Hu, MD

11:00 am **New Chemotherapy Approaches in AYA Sarcomas**

Leo Mascarenhas, MD, MS

11:20 am **Question & Answer Session**

11:30 am **Opportunities for Targeted Therapies in AYA Sarcomas**

Troy A. McEachron, PhD

11:50 am **Question & Answer Session**

12:00 pm **Lunch**

SESSION III: Simulated Case Conference

12:45 pm **"Multidisciplinary Case Conference"**
USC Faculty

SESSION IV: Late Effects and Survivorship

Moderator: David R. Freyer, DO, MS

2:00 pm **Late Effects of Treatment in AYA Sarcoma Survivors**

Winston W. Huh, MD

2:20 pm **Question & Answer Session**

2:30 pm **Psychosocial Issues in AYA Sarcoma Patients**

Stephanie H. Cho, MD, MS

2:50 pm **Question & Answer Session**

SESSION V: Patient Perspective

Moderators: Kristi Lara, MSPAS, PA-C, MPH & Jan Huynh, MSW, LCSW

3:00 pm **Rhabdomyosarcoma Survivor**

Robert Alexander

3:15 pm **Ewing Sarcoma Survivor**

Gabriela Reyes

3:30 pm **Question & Answer Session**

3:50 pm **Closing Remarks**

David R. Freyer, DO, MS

4:00 pm **Adjourn**

“Every day we think of David and his journey. We continue to be awed by the courage and strength he had to fight for so long. He did it because he valued life and the people in his life. David’s fight was possible because of the hosts of doctors, nurses, respiratory therapists, technicians and others that fought with him and for him. To us, the David Stroud Symposium is a continuation of David’s journey. It’s our fight to help give every teenager and young adult who has to deal with this terrible thing called cancer the chance for a better outcome.”

– Dan, Jacqui and Rachel Stroud

Program Description

The focus of the 2019 David Stroud AYA Oncology Symposium will be on Sarcoma. Sarcoma can occur in any part of the body such as the bone or soft tissues which support and connect the body. There are at least 50 different types of soft tissue sarcoma which develop in the muscles, fat cells, blood vessels, tendons, nerves, the linking of joints or lymph vessels. This type of cancer represents approximately 25% of all adolescent and young adult cancers. Osteosarcoma and Ewing’s Sarcoma are two of the most common bone sarcomas diagnosed in younger patients; osteosarcoma is the most common bone cancer.

The Symposium will offer new and practical information covering the spectrum of important issues in AYA sarcoma, including our current understanding of tumor biology; multi-modal therapy including surgery, radiation and chemotherapy; and survivorship and supportive care to improve quality of life. The Symposium will include a simulated “Tumor Board” discussion of an actual patient that will demonstrate the importance of coordinated, team-based care. Finally, presentations by AYA sarcoma survivors will offer practical information and inspiration to all. Presenters will include experienced physicians and other clinical providers, academic researchers, and patient advocates. Audience participation is encouraged through interactive Q&A periods throughout the day.

Educational Objectives

- Explain the biology of sarcomas in the AYA population and utilize the expertise of leaders in the field to develop feasible strategies for combatting the issue.
- Recognize the current approach of sarcoma treatment with AYAs specifically addressing the treatment discrepancy.
- Discuss key medical and psychosocial challenges that may affect the health of AYA sarcoma patients and long-term survivors.
- Identify gaps in education or treatment that persist, and discuss areas that may be the subject of future research in order to address these issues.

Target Audience

The target audience is all health care professionals (physicians, nurses, social workers, therapists and others) interested in improving the quality of care and outcomes for AYA cancer patients. Patients, survivors, caregivers and advocates are welcome.

Accreditation Statement

The Keck School of Medicine of the University of Southern California is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation

The Keck School of Medicine of the University of Southern California designates this live activity for a maximum of 6.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Faculty

COURSE DIRECTORS

Keck School of Medicine of USC

David R. Freyer, DO, MS

Co-Director, Adolescent & Young Adult Cancer Program
Director, Cancer Survivorship Program
USC Norris Comprehensive Cancer Program
Director, Survivorship & Supportive Care Program, Children's Center for Cancer and Blood Diseases, Children's Hospital Los Angeles
Professor of Clinical Pediatrics and Medicine

James S. Hu, MD, FACP

Co-Director, Adolescent & Young Adult Cancer Program
Medical Director, Sarcoma Program
Director, Medical Oncology Fellowship Program
USC Norris Comprehensive Cancer Center
Associate Professor of Medicine
Department of Medicine

KECK SCHOOL OF MEDICINE OF USC

Stephanie H. Cho, MD, MS

Director, Psycho-oncology Service
USC Norris Comprehensive Cancer Center
Director, Psychiatric Consultation-Liaison Services
Assistant Program Director, Consultation-Liaison Psychiatry Fellowship
Clinical Assistant Professor of Psychiatry

Shefali Chopra, MD

Assistant Professor of Clinical Pathology

Lee J. Helman, MD

Professor of Pediatrics & Medicine
USC Norris Comprehensive Cancer Center
Children's Hospital Los Angeles

Winston W. Huh, MD

Associate Professor of Clinical Pediatrics
Children's Hospital Los Angeles

Jan Huynh, MSW, LCSW

Clinical Social Worker
Department of Clinical Social Work
Adolescent & Young Adult Program
USC Norris Comprehensive Cancer Center

Kristi Lara, MSPAS, MPH, PA-C

Physician Assistant
USC Norris Comprehensive Cancer Center
Clinical Instructor of Medicine
Department of Medicine

Leo Mascarenhas, MD, MS

Associate Professor of Clinical Pediatrics
Section Head, Division of Oncology
Director, Sarcoma and Solid Tumor Program
Deputy Director,
Center For Cancer & Blood Diseases
Children's Hospital Los Angeles

Troy A. McEachron, PhD

Assistant Professor of Research
Translational Genomics
Department of Translational Genomics

Lawrence R. Menendez, MD

Professor of Clinical Orthopaedic Surgery
Director of Orthopaedic Oncology

Dakshesh Patel, MD

Associate Professor of Clinical Radiology
Medical Director, Keck Hospital of USC Imaging Center
The Williametta Keck Day Healthcare Center

Omar M. Ragab, MD

Assistant Professor of Clinical Radiation Oncology

William W. Tseng, MD

Associate Professor of Surgery, Section of Surgical Oncology
Sarcoma and Melanoma Programs

GUEST SPEAKERS

Mr. Robert Alexander

Ms. Gabriela Reyes

Registration

4th David Stroud Adolescent and Young Adult Oncology Symposium: April 27, 2019

Tuition: \$25 for all health professionals. Early bird registration closes April 22, 2019. After April 22, please register onsite.

Waived for patient attendees. Patient attendees will not be eligible for CME credit. Please pre-register before April 22, 2019 as space is limited.

Location: Catherine and Joseph Aresty Conference Center, in the lower ground (LG) level of the Harlyne J. Norris Cancer Research Tower on the USC Health Sciences Campus
1450 Biggy Street, Los Angeles, CA 90089

Parking: Biggy Parking Structure (P8) on the USC Health Sciences Campus: 1334 Biggy Street at Zonal Avenue, Los Angeles, CA 90089
Parking is complimentary.

Cancellation: Registration cancellations must be received by the USC Office of CME (fax or email) by April 22, 2019, noon for a tuition refund. A \$25 cancellation fee will be applied. USC will not refund any travel costs incurred.

Register: Mail: 1540 Alcazar Street, CHP 223, Los Angeles, CA 90033
Online: www.usc.edu/cme, go to Conference Calendar
Phone: (323) 442-2555 | Fax: 1-888-665-8650
Email: uscme@usc.edu
On Site: Aresty Conference Center: 1450 Biggy Street, LA, 90089
