On December 7, at one of the landmark music studios with world-class recording facilities in Los Angeles, Pop Rock Band Maroon 5 members James Valentine, Jesse Carmichael and Sam Farrar and the band’s engineer and music producer Noah Passovoy warmly welcomed our AYAs!

Band members developed immediate rapport with our AYAs, encouraged their love of
music and shared insights into important aspects of songwriting, music performance and production as well as the band's stories and upcoming 2020 Tour. They also demonstrated part of the new release "Memories" by Adam Levine. Immersed in such a friendly and inviting environment, AYAs shared their stories and passion for music, performed for each other, and also developed new friendship. Many were also inspired to write their own songs to truly express themselves. THANK YOU, Maroon 5!

AYA@USC Holiday Movie and Bingo Night!
On December 5, our first annual AYA@USC Holiday Movie and Bingo Night welcomed both outpatients, inpatients, survivors and their families to an evening of young adult appropriate and family centered activities in a festive and inviting environment. These activities included a fun holiday movie Elf, photo opportunity with Santa, ornament art activity, music performance, BINGO and prizes. This event connected AYAs from different geographic areas of Southern California thanks to the support of The Kevin Cordasco Foundation Something Yellow.

OTHER NOTABLE EVENTS
